

CMADP 1ST ANNUAL RESEARCH SYMPOSIUM

Pharmacy Building, Room 3020

Friday, October 11, 2013

1:00 – 3:30 p.m.

Poster session, 3:30 – 5:00, Pharmacy Atrium

Genomics: Enabling Discovery in the Life Sciences

1:00 – 1:10: Opening Remarks, Susan Lunte, Director, CMADP

Featured Speakers

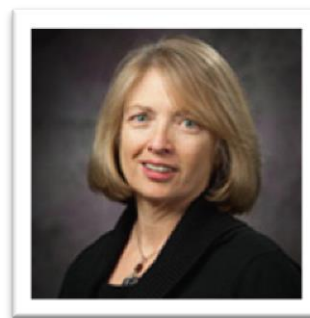

1:10 – 1:50: **Sue Brown**

Distinguished Professor

Division of Biology

Kansas State University

“Assembly Validation and Scaffold Extension
for Complex Genomes Using Extremely Long
Single-Molecule Imaging”

2:00 – 2:40: **Erik Lundquist**

Professor

Department of Molecular Biosciences

The University Of Kansas

"Functional Transcriptomic Analysis of
Neuronal Migration"

2:50 – 3:30: **Steve Soper**

Professor

Departments of Biomedical Engineering &
Chemistry

The University of North Carolina

“Enabling Tools for the Analysis of Rare
Cells: Integrated Microsystems for the Selection
and Molecular Profiling of Circulating Tumor
Cells (CTCs)”

Sponsored by the Center for Molecular Analysis of Disease Pathways
An NIH Center of Biomedical Research Excellence
